EDUCATION

University of North Texas, Denton, TX

2024 – Present

Ph.D. in Management Science

Expected May 2028

Dissertation: three essays on firm-level employment decisions and workplace safety outcomes

Advisor: Dr. Victor Prybutok

Boston University, Boston, MA

2020 – 2022

M.S. in Actuarial Science

Texas Christian University, Fort Worth, TX

2016 – 2020

B.A. in Mathematics, Actuarial Concentration

RESEARCH EXPERIENCE

Research Assistant, University of North Texas

2024 – Present

- Designed a behavioral experiment from the ground up examining how firm managers make supplier decisions, including study design, treatment conditions, and instrument development
- Conduct empirical research on firm-level employment decisions and workplace safety outcomes using panel data econometrics on linked federal regulatory filings
- Designing a multi-wave survey study fielded through a national online panel, including IRB consent materials, screening criteria, and participant compensation structure

TEACHING EXPERIENCE

Teaching Fellow, University of North Texas

Fall 2026

DSCI 4700: Analytics for Decision Making (undergraduate capstone)

- Instructor of record for the senior capstone in business process analytics; responsible for lectures, team-based process improvement projects, and assessment
- Course integrates Six Sigma methodology with AI-supported analytics and structured human-AI collaboration frameworks

Teaching Assistant, University of North Texas

2024 – Present

- Served every semester, concurrent with research assistantship; graded assignments and exams, held office hours, and supported course delivery

Graduate Assistant, Boston University

Dec 2020 – Dec 2022

- Automated creation and enrollment tracking for course sites on the Blackboard platform
- Wrote database queries to pull course and enrollment data for administrative reporting
- Resolved instructor and staff questions about course technologies
